

“Designing and monitoring immunotherapies: from mechanisms to clinical translation.”

October 13th 2026

8.15-8.45h Registration

8.45-9h: Welcome and introduction. Marcelo Hill

9-10.30h: Medical Immunology Course: Abul Abbas (University of California San Francisco, USA)

10.30-11h: Coffee Break

11-12.30h Medical Immunology Course: Abul Abbas (University of California San Francisco, USA)

14-15.30h New approaches in cancer immunotherapy: Chairman: Alexis Kalergis

Marcelo Hill (Faculty of Medicine, University of the Republic/ Institut Pasteur de Montevideo, Uruguay. ARDAN Pharma)

Pablo Oppezso (Institut Pasteur de Montevideo).

Florencia McAllister (MD Anderson, USA)

15.30-16h. Coffe Break.

16-17h. Selected oral presentations.

October 14th

8.30-10h Medical Immunology Course: Abul Abbas (University of California San Francisco, USA)

10-10.30h: Coffee Break

10.30-12.30h Medical Immunology Course: Abul Abbas (University of California San Francisco, USA)

14-15.30h Updates in Transplantation. Chairman: Carlos Escande

Jonathan Maltzman. (Stanford Medicine, USA).

Martin Rumbo. (Universidad de La Plata, Argentina).

Ignacio Anegon (INSERM, France)

15.30-16h. Coffe Break

16-17.00h Autoimmunity: form mechanisms to novel therapies. Chairman: Martin Rumbo.

Olivier Boyer (INSERM, France)

Florencia Rosseti (UNAM, Mexico)

October 15th

8.30-9.30h Vaccine development. Chairman: Marcelo Hill

Alexis Kalergis (Pontificia Universidad Catolica, Chile)

Alejandro Chabalgoity (Faculty of Medicine, University of the Republic, Uruguay)

9.30-10.30h. Molecular mechanisms of host-pathogen interaction. Chairman: Martin Rumbo.

Teresa Freire (Faculty of Medicine, University of the Republic, Uruguay)

Susan Bueno (Pontificia Universidad Catolica, Chile)

10.30-11h. Coffe Break.

11-12.30h Immunometabolism: target characterization and pharmacological approaches.
Chairman: Florencia Rossetti.

Carlos Escande (Institut Pasteur de Montevideo, Uruguay. Eolo Pharma)

Pedro Moraes Vieira (University of Campinas, Brazil)

14-15.30h. Immunomonitoring through omics technologies. Chairman: Alejandro Chabalgoity

Milena Hasan (Institut Pasteur, France)

Magnus Fontes (Institut Roche, France)

Mariana Boroni (INCA, Brazil).

October 16th

BD Activity. Spectral Flow Cytometry. Theoretical bases and hands on.
